INNOVISION

Sumshodhini'21

Sumshodhini is the annual, three-day science and technology festival of KITS (Warangal) organized by ISTE Student Chapter & Technical club - ISTE being an independent student chapter and Technical Club KITSW under Student Activity Centre (SAC) who organize this event along with many other outreach programs around the year. The symposium is known for hosting a variety of events that include competitions, events, paper presentations as well as workshops organized by the elite student bodies from across eight branches of KITS.

ISTE Student Chapter KITSW **Technical Club KITSW - SAC**

With a spectacular kick-start to KITSW's very first College Wide tech-fest back in 2004, Sumshodhini has been creating a spectacle of unparalleled enthusiasm in scientific thinking and innovation. Presently rolling out its 17th edition, its motto envisages the evolution of present-day techniques and reaching the zenith of technicalprowess.

Sumshodhini also receives extensive coverage in print, television as well as online media. It previously, has had features in Hans India, HMTV, and Tv9 etc. An ensemble of versatile events and competitions serve as the backbone of Sumshodini by fulfilling its motto of spreading Science and Technology. Young enthusiasts from all over the city converge at this magnificent platform to prove their mettle while having fun.

Due to the Second Wave Covid Pandemic outbreak even though after all preparations we were unable to conduct the technical fest offline this year, but with the same enthusiasm and determination we have conducted Sumshodhini'21 in Virtual Mode within no time with **INNOVISION** as its theme.

We are glad that this year for the first time ever ISTE TS Student Convention has been the centre of Sumshodhini'21. The Indian Society for Technical Education (ISTE) is a national, professional, non-profit making organization in our country which cooperates with central and state governments industry and approved institutions, professional bodies, AICTE, MHRD, DST and Individuals in the cause of technical education and research. The main objective of ISTE is to assist and contribute in the production and development of top-quality professional engineers and technicians needed by the industry and other organizations.

ISTE Telangana Section has been formed from erstwhile united Andhra Pradesh Section, post bifurcation of the state. The aim of the section is to work in line with the national policy in providing value addition to students and faculty of technical institutions. KITSW is bestowed with the honour of organizing the "***ISTE TS Students' Convention-2022***" during 27th-29th January 2022, by the Executive Council, ISTE TS Section. The theme for the convention is "The Role of Artificial intelligence and Machine learning in Engineering Applications". Apart from the paper presentation on the convention theme, events such as paper presentation etc.., were conducted during the convention.

ISTE KITS Chapter was started in 1996. Most of the students are the members of the ISTE KITS Student Chapter and more than 150 faculty members have the life membership in the faculty chapter. The college is also an institutional member in ISTE.

ISTE KITS Student Chapter has the track record of successfully conducting periodically the national level technical symposium called "SUMSHODHINI" since 2003. Apart from several workshops, guest lectures and other events were conducted under this chapter. This chapter has been declared as best ISTE student chapter of 2017 in Telangana State.

SUMSHODHINI'21 is a national level technical symposium organized by ISTE KITS Student Chapter & Technical Club KITSW in coordination with all the departments. This technical fest is mainly intended to provide a common national platform for all engineering and management students in the country to share & experience their technical skills and knowledge. Besides the branch specific workshops, the following events are organized:

- Paper & Poster Presentations
- Project Expo

- Treasure Hunt
- Escape Rooms,
- Workshops
- Replica, Bridge Fabrication, Tech Intellect
- Concentrix, Instridge, Tech Treasure Hunt

ABOUT KITS, WARANGAL:

Kakatiya Institute of Technology & Science, Warangal popularly known as **KITSW**, is a 41 year old institute, was established in **1980** by **Ekasila Education Society** (EES), Warangal, a philanthropic society, with a primary objective of providing quality technical education. KITSW is approved by the **AICTE, New Delhi** and recognized by the UGC under section **2(F)** and **12(B)** of **UGC act 1956**. The **UGC, New Delhi** granted first time **autonomous status in 2014** under Kakatiya University (KU), Warangal and has extended autonomy for a period of 5 years from AY 2021-22 to AY 2025-26. It is accredited by **NAAC with 'A' grade (CGPA: 3.21/4.0)**. The Government of India's **NIRF-2021** placed KITSW in **197 rank**. The Ministry of **MSME, Government of India** recognized KITSW as **Host Institute** to setup **Business Incubator**. The **AICTE-CII Survey of Industry Linked Technical Institutes** ranked KITSW as **GOLD CATEGORY institute** for the 6th consecutive year since 2015. The industry institute interaction cell of the institute has collaboration and **MoU with NIT Warangal** in the areas of teaching &learning, research& development.

At present, KITSW is offering UG in ten branches of engineering, PG in seven engineering specializations and MBA. The KU recognized the departments of CE, ME, E&I and CSE as research centers for PhD programmes. All the eligible UG engineering programmes have **active accreditation status** granted by the **NBA, New Delhi.** The Institute has a committed team of 4453 students, 285 qualified faculty members and 150 technical & supporting staff.

Located in 65 acres of lush green sprawling campus, KITSW is one of the premier technical institutes in Telangana state of India. Over the years since inception, it has attracted academicians of proven competence onto its faculty, augmented the infrastructural facilities, modernized laboratories, made its curriculum industry relevant, added courses in emerging areas and placed its graduates through campus placements, higher education in India and organizations across the globe, and thus received recognition among industry and academic circles.

Warangal city is well connected by rail and road. The institute is located at Yerragattu Gutta, Hasanparthy on Warangal-Karimnagar highway. The nearest airport is in Hyderabad.

ABOUT THE CONVENTION:

KITSW is bestowed with the honour of organising the "ISTE TS Students' Convention-2022" during 27th-29th January 2022, by the Executive Council, ISTE TS Section. The theme for the convention is "The Role of Artificial intelligence and Machine learning in Engineering Applications".

Apart from the paper presentation on the convention theme, events such as paper presentation etc.., will be conducted during the convention

ABOUT ISTE TS:

The Indian Society for Technical Education (ISTE) is a national, professional, non-profit making organization in our country which cooperates with central and state governments industry and approved institutions, professional bodies, AICTE, MHRD, DST and Individuals in the cause of technical education and research. The main objective of ISTE is to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industry and other organizations.

ISTE Telangana Section has been formed from erstwhile united Andhra Pradesh Section, post bifurcation of the state. The aim of the section is to work in line with the national policy in providing value addition to students and faculty of technical institutions.

ABOUT ISTE KITS CHAPTER, WARANGAL:

ISTE KITS Chapter was started in 1996. Most of the students are the members of the ISTE KITS Student Chapter and more than 120 faculty members have the life membership in the faculty chapter. The college is also an institutional member in ISTE.

ISTE KITS Student Chapter has the track record of successfully conducting periodically the national level technical symposium called "SUMSHODHINI" since 2003. Apart from this several workshops, guest lectures and other events were conducted under this chapter. This chapter has been declared as best ISTE student chapter of 2017 in Telangana State.

ABOUT SUMSHODHINI'21:

SUMSHODHINI'21 is a national level technical symposium organized by ISTE KITS Student Chapter in coordination with all the departments. This technical fest is mainly intended to provide a common national platform for all engineering students in the country to innovate, share and experience their technical skills and knowledge. Besides the branch specific workshops, the following events are organized:

- Paper Presentations, Poster Presentations
- Panel Discussions
- Workshops
- Replica, Bridge Fabrication, Tech Intellect
- Concretrix, Instridge, Tech Treasure Hunt

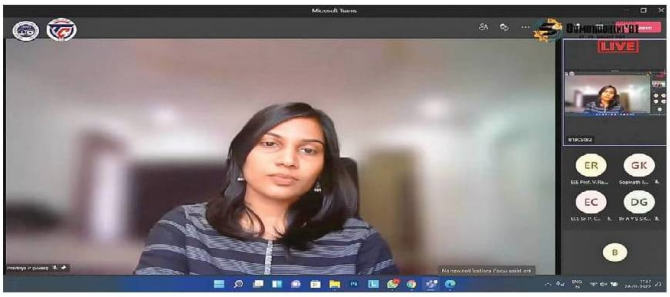
HANS NEWS SERVICE
WARANGAL

GWMC Commissioner P Pravinya said that national-level student technical symposiums like 'Sumshodhini'21' serve like a platform where textbook knowledge is transformed into practical skills. Delivering a keynote address at the symposium jointly organised by Indian Society for Technical Education (ISTE), KITSW student chapter and the Technical Club, Student Activity Center (SAC) here on Friday, she said that symposiums will help in developing creative innovations and exchanging knowledge between the students and industrial technocrats. The programme was sponsored by Institute of Management and Foreign Studies (IMFS). She told the students to develop apps which are useful to the society with the help of latest technologies such as Artificial Intelligence, Black chain, Machine learning and IoT.

Guest of Honor, Alignity Consulting, Texas, USA, Gopinath Kokkonda said that talent is the strength. He quoted the words of author G. Michael Hopf - Hard times create strong men, strong men create good times, good times create weak men, and weak men create hard times – to inspire the students.



GWMC Commissioner P Pravinya addressing (virtually) the participants at the 'Sumshodhini'21' programme in Warangal on Friday

ISTE-TS, secretary and treasurer and Director, IQAC JNTU, Hyderabad Prof. AVSS Kumara Swamy Gupta said that there were 7,500 faculty and 4 lakh of students in ISTE. The objective is to share and support the latest technological development. Students to develop the knowledge on present technologies like AI-ML and Black chain and using this knowledge to solve the society related problems KITSW Principal prof. K Ashoka Reddy said that the theme of Sumshodhini'21 is 'The Role of Artificial Intelligence and Machine Learning in Engineering Applications - a quest for Innovation'. He said that the symposium would help the students transfer their knowledge besides improving the organizing skills. Dr G S Gupta, Manager, IMFS, was Prof. G. Raghotham Reddy, M Narasimha Rao, Prof. K. Rajanarender Reddy, Dr. H Ramesh Babu and Dr. T. Senthil Murugan were among others present.

THE PROJECT EXPO

THE PROJECT EXPO

Technical Club-KITSW & ISTE Student Chapter has organized a one of the central events "***THE PROJECT EXPO***", for Sumshodhini'21. With a dynamically changing hiring patterns by the big techcompanies, addressing the real time problems and making sure the solutions could have a chance of being widely adapted, projects have been the most searched things over the Internet and on a graduating student resume.

The possible reason for all these patterns is the knowledge of how well student understand jumbled situation and solve it with his wisdom and knowledge he acquired. To make that project a better model, to know the level of challenges and innovation he/she implemented and most importantly the prospects of the real world is required. For that, this event provided a platform for students to showcase their talents.

TREASURE HUNT

TREASURE HUNT

Technical Club-KITSW (TC) has organized a central event "Treasure Hunt", for Sumshodhini'21. With the continuous participation in all the technical events, the brains of all the students were preoccupied with various thoughts. In order to reduce their stress, we came up with this event. Treasure hunt is an out and out fun event which does not require any pre-requisite knowledge. This is a fun event where the participants must find the treasure based on clues at the end of this event each and every participant were extremely satisfied with the conduction of the event. The aptitude and coordination skills of the participants were enhanced during this event.

DATE : 29/01/2022 TIMINGS : From 11:30 pm IST
THROUGH GOOGLE MEET: https://meet.google.com/jwp-kebj-ymj

The event has attracted good number of participants from KITSW and from various other colleges like VIT and NIT. Total number of 62 participants got registered for Treasure Hunt, who are divided into 15 teams. The event has also attracted participants ofall semesters.

The organizing committee for this Treasure Hunt is as followed;

ESCAPE ROOMS & Webinar on "RESEARCH & INNOVATION"

About Escape Rooms:

The Event was organized to build fun among the students and to provide them free time apart from their academics and test their creative thinking and brainstorming. The event consists of four rounds, first round is Riddle Round, second round is Quick write round – Participants have to guess the movie and picture names, third round is Scavenger round – Participants have to prepare the list of items/things which would match our budget, Final round is Rapid Fire round – Participants have to answer to the Logical and Funny questions. Participants had undeniable and enjoyable experience of four interesting rounds and can enrich their problem solving and creativity thinking skills. Students have participated from irrespective of the branch and college, they had participated as teams of minimum 2 members and maximum of 4 members. The event had successfully completed in a good manner and well appreciated by many of the student participants with a rating of 4.8 on a scale of 5.0.

About Webinar on "Research & Innovation":

The Webinar was organized to provide the introduction about the various traits that Research & Innovation requires, the main aim of the webinar is to state that, the Research is to be conducted in a systematic process and impact of research is innovation. Research and Development plays a critical role in innovation process. It's essentially an investment in technology and future capabilities which is transformed into new products, processes, and services. Webinar covered almost all the topics ranging from schematic thinking requires to a researcher for a successful execution and innovation. The Webinar started with the ideation, how ideas of the researchers transformed into the innovation, many examples of existing researchers have been quoted, the webinar has focussed on various creative thinking strategies, product development research and research areas and successfully approached all the participants in a very well manner. The idea generation have been elaborated with many familiar examples, creating space and challenging assumption; thinking about the problem and relevant ideas, relevancy refers to how far the root cause pf problem remained undevoted in the solution or idea implementation think about it, mentally create time to researching about the things to explore the problems and coming up with solutions have been explained specifically.

The ways and steps for research and innovation have been discussed, these include the description of the process of innovation, innovative ideas and the competence that exists, ideas to planning and launch and Business innovation research strategy in which, understanding the type of project, community based project, identifying local community needs, executive summary of the project, including location, needs, intended solution, selection of the project title, UN sustainable goals, local community/ local stakeholder organization, Description of the prototype, Technology used in the project, open source platform and Project work plan and milestones. The webinar concluded with the proposal of IEEE benefits and opportunities for Research and Innovation.

The webinar on a parallel manner, resolved the queries posed by the audience through the chat option and comment option established by the organizers as an open channel for the audience to interact and gave an opportunity to resolve their queries.

About Webinar on "STOP WORRYING, START LIVING":

The Webinar was organized to build fun among the students and to provide them free time apart from their academics and test their creative thinking and brainstorming. The Webinar has conducted for relieving stress from the students, Guest speaker mainly focused on youth to help them how to handle the situations when they are in stress and focused on the people who are worrying about their careers. He motivated them very well. Had a strong interest for spiritual knowledge since college days and became interested in reading the Bhagavad Gita and has been practicing it & now teaching it others also since past 4 yrs. Conducts classes for various age groups in multiple languages - Adults & Children and especially he explains things in a way that modern people can understand easily. Lot of people are taking guidance & inspiration from him to practice spirituality. Personally, He likes to keep himself physically fit by working out & doing Yoga everyday, by getting up early in the morning. Book reading & singing are his favorite Hobbies. Likes to play traditional instrument like Mridangam (type of Dholak). Participants had undeniable and enjoyable experience of four interesting rounds and can enrich their problem solving and creativity thinking skills.

Students have participated from irrespective of the branch and college, they had participated as individuals. The event had successfully completed in a good manner and well appreciated by many of the student participants with a rating of 4.8 on a scale of 5.0.

ENTREPRENEURSHIP IN 21st CENTURY

ENTREPRENEURSHIP IN 21st CENTURY

At the outset team of the virtual workshop on "Entrepreneurship in 21st Century" would like to express their thankfulness for all the technical and motivational support given for successful conduction in combined association with IETE-KITSW Student Forum and e-flip Magazine on 29th January 2022 on the occasion of Sumshodhini'21 – a national level symposium by Kakatiya institute of Technology & Science, Warangal.

The total number of participants registered for this workshop are 3565 among which 3372 people have attended for the YouTube Live session. These participants are from National wide engineering students hailing from 310 plus professional institutions. Among these participants, around 183 students are from our institution and the remaining 3382 participants are from rest of the institutions in national wide.

At the end of the workshop the e-Certificate of Merit/ Participation has been issued to every participant who had attended the Quiz and gained a score more than 70%.
We are happy to bring to your kind notice that the workshop is well appreciated by many of student participants with a rating of 4.52 on a scale of 5.0 (based on the reviews of 3151 participants) who attended the session for 100% attendance.

The workshop was organized to provide the introduction about the various traits that entrepreneurship requires, workshop covered almost all the topics ranging from investments to an entrepreneur to successfully floating the business by familiarizing various notions on marketing trends. The workshop started with ideation, how ideas are transformed into business models, many examples of existing entrepreneurs have been quoted, the workshop also illustrated various marketing strategies that companies come up with an intention to grab the attention of the customers. The investment is considered to be one of toughest things, the workshop has focussed this aspect to the highest extent, the angel investment and the examples of some of the angel investors have been exhibited. The characteristics of ideas and certain revenue models have been proposed. The idea generation have been elaborated with many familiar examples, creating space & challenging assumption; thinking about the problem and relevant ideas, relevancy refers to how far the root cause of problem remained undevoted in the solution or idea implementation think about it, mentally create time to researching about the things to explore the problems and coming up with solutions have been explained specifically.

CIVIL ENGINEERING

DEPARTMENT OF CIVIL ENGINEERING

Due to the Covid Pandemic outbreak we were unable to conduct the technical fest offline this year, but with the same enthusiasm and determination we have conducted Sumshodhini'21 in Virtual Mode with a theme ***Innovision***.

Civil engineering department, as a part of its longstanding tradition has been organizing several interactive events throughout the year which impart knowledge to the students and with that ever-increasing spirit and unique motto the department has conducted technical events year this too for SUMSHODHINI'21, a national level technical symposium organized by ISTE Student Chapter & Technical Club, KITS - Warangal on 27th, 28th and 29th of January, 2022.

All the events have been conducted on these two days facilitating the convenience of both participants and the organizers. All the details of events conducted, organization and the response from the participant community are described day wise below.

WORKSHOP ON "*ARCHITERRAX*"

Date: *27th January 2022.*

Timings: *10 am to 1 pm & 2 pm to 5 pm*

Venue: *Microsoft Teams (Virtual Mode)*

Description:

The **ARCHITERRAX** workshop on modern software tool **Revit Architecture** was organized to with a key objective for enabling students to create free models and structural system exploration by sketching and modelling of building. The workshop started with ideation, how the building information modelling can be used for architectural sustainable buildings.

The workshop inaugural was started at 10 am on 27th January 2022, and the event was addressed by the Head of Civil Department, Prof. M. Srikanth. Workshop session started

by 10:30 am and lasted till 5 pm in the evening. Sri. Venishetty Prashanth and Ms. Mahnaaz from Cadd Center, Warangal acted as resource persons and explained the uses of Revit and Building Information Modelling. Significance of the Revit software was explained. Modelling shapes, structures in 3D with parametric accuracy, precision and ease was taught. Also streamlining the documentation work with instant revisions to plans, elevations, schedules and sections as project changes were discussed. Different tools in the interface were made familiar to the participants and later a building model was created with a step- by- step explanation.

All the participants gave positive feedback and were happy with the workshop.

EVENTS

PPT

Date: 28th January 2022

Brief Overview: The main objective of the PPT event is to showcase students' technical presentation on a specific topic. In this event, a total of 21 participants have presented their PPTs on various technical topics in different domains of civil engineering.

Event poster

Evaluation Criteria:

1. Each participant can perform individually or in teams (Maximum of 2 per team).
2. The TIME ALLOTED to each team/participant is 10 minutes.

3. Question and Answer session will be handled over to the Faculty Organizers and Faculty coordinators and therefore the evaluation.
4. The PPTs are evaluated on the basis of five parameters:
    - Communication Skills
    - Presentation Skills
    - Technical Skills
    - Interpersonal Skills
    - Novelty

Date: January 28,2021.

Timing: 10:30 A. M. To 1 P. M.

Venue: Microsoft Teams (Virtual mode)

Registration Fee: 200/- (non-ISTE) and 150/- (ISTE) per head

Number of Registrations: 21

Faculty Organizers: Sri. K. Srujan Varma, Sri. N. Srikanth, Dr. A. Suchith Reddy, Dr. MB. Sushma, Dr. B. Sumanth Kumar, and Mr. MS. Bhargav Reddy.

Faculty Coordinators: Dr. N. Gangadhara Reddy and Sri. B. Srikanth

Student Organizers: S. Rajesh Kumar, S. Akhila, T. Sindhu Reddy, M. Harshitha, K. Nithin Babu, P. Vidya Sri, and B. Sandeep.

Brief Overview of the event:

The event started by 3:00 pm sharp on 28th January 2022. A video on how to install the game using the provided apk link was shown and an explanation of the interface of the app was given. A demonstration on how to start and play the game was shown. All the participants played the game enthusiastically and genuinely. They submitted the screenshot of the number of levels completed in the provided google form. Winners were decided based on the maximum number of levels completed with the minimum budget.

CIVIMAZE

Brief overview of the CIVIMAZE

CIVIMAZE event involves Civil Engineering topics which are brain-storming activities in the form of puzzles such as jigsaw and crossword. Some basic engineering questions are also included in the form of "fill in the blanks" and "multiple choice questions".

Each team has a maximum of 3 participants and 14 teams have been registered. The event has 3 rounds and given access to a google form to play all rounds continuously without any pause. Round-1 should be submitted in a jpg/jpeg format and round 2 must be submitted through a word document pdf file. At last, the 3rd rounds in the given options or blanked are made to fill.

Rules:

The first round named as CIVI-Puzzle which consists solving of a jigsaw puzzle of a famous construction with an expected time of solving, 10-15 minutes. The second round is a Crossword Puzzle. The participants are provided with the clues to the Crosswords and expected duration to solve it, is about an hour. Finally, round 3, CIVIQUIZ is all about answering the questions related to Civil Engineering.

Judgement Criteria: Fastest finger first. The winners of the event are the teams which completes the event within less time.

(Correct answers, least number of mistakes are taken into consideration)

Date: 29th January 2022

Timing: 10 am to 1 pm

Venue: Microsoft Teams (Virtual Mode)

Registration fee: 100/- (per head)

Number of registrations: 42

BUILD YOUR DREAM HOUSE

Brief Overview of Build Your Dream House:

The event involves Civil Engineering constructions which enhances architectural skills of the students Each team has a maximum of 2 participants and 21 teams have been registered. In this event, participants have to make a model of any famous civil structure (like any dam, monument, towers etc..) or dream house with the available material well before the commencement of the event. The participant has to take a time-lapse video while preparing the model and present it at the time of event.

Students exhibited their models in the presence of the faculty coordinators. The maximum time allotted for each participant was 10 minutes. After the completion of the presentations, the faculty posed questions concerning the participants models and the marks were allotted based on the presentation.

Judgement Criteria: The winner was driven by faculty organizers based on the architectural skills and use of material.

MEME O MANIA

Overview: This MEME O MANIA event is all about creating memes in technical and funny way. The participants have to make a meme in categories like Quarantine memes, College life Vs School life, Before covid Vs After covid, Mobiles etc.

The rules in this event are:

1. A participant can submit only one meme.
2. Memes are judged specially by originality and overall humour.
3. Allowed languages: Telugu, Hindi, English.
4. The MEMEs should not be derogatory/provocative.

5. Winners will be decided based on likes, shares, and comments.
6. Highest priority is given for technical memes.

Event Date: 29th January 2021.

Timing: 3:30 pm to 4:30 pm.

Venue: Microsoft Teams.

Registration Fee: 50/- (per head)

Team size: 1

Number of Registrations: 30

Submission: Participants can submit their meme in .jpg or .jpeg format with file size less than 5MB to cesumshodini@kitsw.ac.in

Faculty Organizers: Ch. Sridhar, B. Satyaraj.

Faculty Coordinators: Dr. N. Gangadhara Reddy & B. Srikanth

Student Organizers: A. Srinidhi, R. Teja Sree, M. Harshitha, R. Devipriya, T. Sachin Rao, P. Varun, P. Revanth, K. Varsha, and G. Pavani.

Description of the event: The submitted memes are filtered to avoid any controversial content or abusive content. The memes are posted on the new Instagram account (memeomania2022) on 26 January 2022. The likes, shares and comments of the memes are considered till 29 January 2 pm. The winners are decided based on number of likes, shares, comments and content. Technical memes are given highest priority and memes

with fake likes are disqualified. The event was started after the Faculty Organizers, Students Organizers and participants have joined the Microsoft Teams. We all had a glance of all the memes. After that the Faculty Organizers announced the 1st and 2nd winners of the events.

Winners:

1st winner: A. Akshith (VNR VJIET)

2nd winner: S. Nagaraju (B20CE059)

Cash Prizes:

All the events of **SUMSHODHINI'21** in the Civil Engineering Department has successfully conducted through virtual mode with the support and guidance of Head of the Department Dr. M. Srikanth, Faculty Coordinators Dr. N. Gangadhara Reddy and B. Srikanth, faculty, and students.

MECHANICAL ENGINEERING

DEPARTMENT OF MECHANICAL ENGINEERING

An ensemble of versatile events and competitions serve as the backbone of Sumshodhini by fulfilling its motto of spreading Science and Technology. Young enthusiasts from all over the city converge at this magnificent platform to prove their mettle while having fun.

On the behalf of Sumshodhini '21, the Mechanical engineering department had conducted several technical events organized by the Mechanical Engineering Students Association (MESA).

WORKSHOP ON *"BUILDING AN ELECTRIC VEHICLE"*

Workshop Description:

Have you ever wondered how an electric vehicle work? Do you want to learn how they are designed? Here's your opportunity, because as part of Sumshodhini'21 the Mechanical Engineering Department brings you a 1-day workshop on "BUILDING AN ELECTRIC VEHICLE" to introduce you to the new era of vehicles.

Date: **27/01/2022**

Mode of conduction: **Virtual (Microsoft Teams)**
Timings: **10:00 A.M – 05:00 P.M.**
Number of participants: **67**
Chief Guest: **Mr. K. Harsha Vardhan**

Introduction about electric vehicles:

Electric vehicles: An electric vehicle (EV) is one that operates on an electric motor, instead of an internal-combustion engine that generates power by burning a mix of fuel and gases. Therefore, such as vehicle is seen as a possible replacement for current-generation automobile, in order to address the issue of rising pollution, global warming, depleting natural resources, etc. Though the concept of electric vehicles has been around for a long time, it has drawn a considerable amount of interest in the past decade amid a rising carbon footprint and other environmental impacts of fuel-based vehicles.

PAPER PRESENTATION

Event Description:

Paper presentation is an individual competition where each participant is required to make a paper about a given topic or area, and then present it in front of the juries.

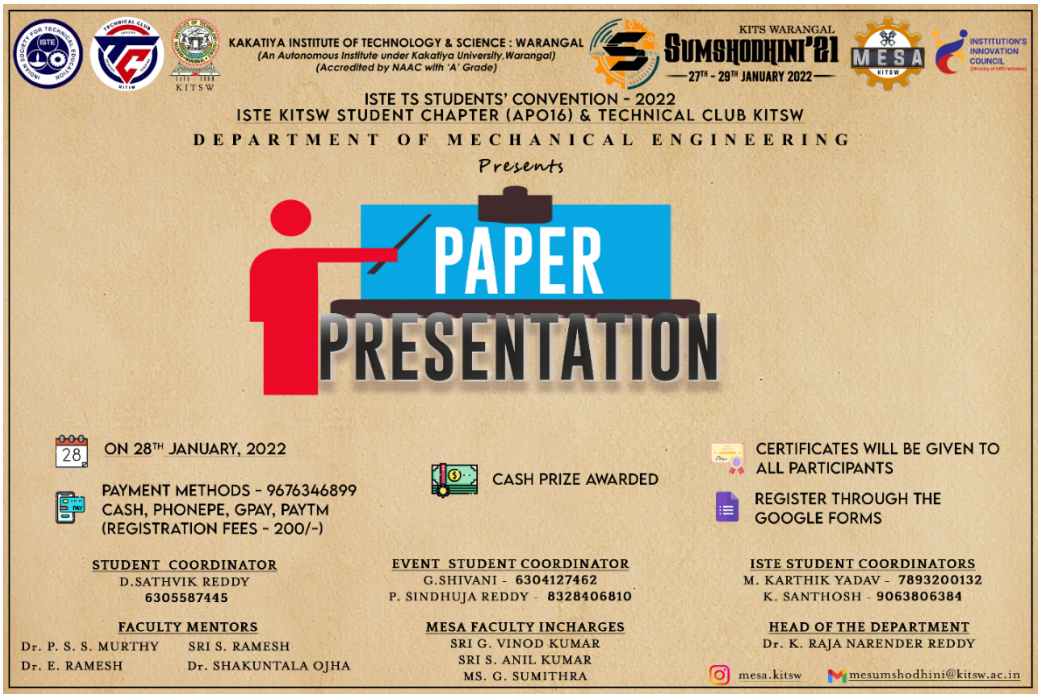
Event Rules:

- The paper submitted will have to be presented during the event.
- The participants will get 8 minutes to present their paper. And 2 minutes will be for questioning by judges.
- The participants will have to present their papers in MS-Power Point (ppt) format only. Violation of any rule can result in rejection of paper.
- The organizers reserve the right to change/update the rules of the contest at any point of time and will do their best to inform to participants of the same. However, it is ultimately the responsibility of the teams to keep themselves updated.

POINTS DISTRIBUTION:

- Marks are awarded for each participant in four aspects
    1. Novelty
    2. Presentation
    3. Delivery
    4. Query section

EVENT FAIR & PARTICIPATION:



- **200** per student.
- All participants ensure that you have good internet connectivity in order to avoid any technical glitches.

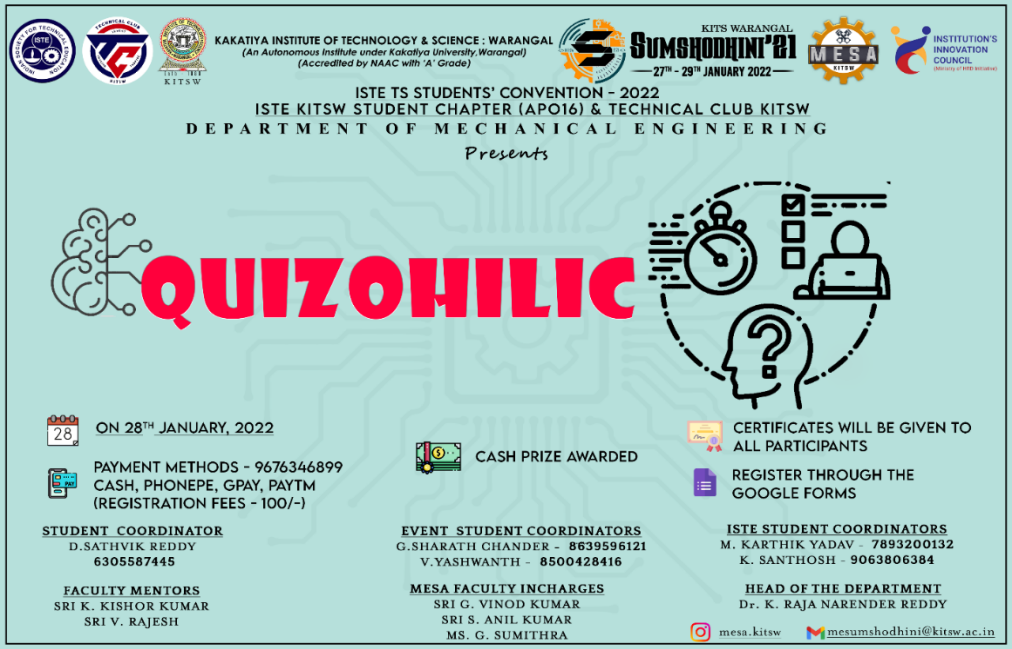
QUIZOHILIC



Event Description:

Round 1:

- Questions will be given in **"Google form".**
- Time limit of **7 minutes**.
- Qualification for next round is based on number of correct answers.
- If the number of correct answers matches, then fastest response will be given priority.

Round 2 (Buzzer Round):

- PPT will be shared on screen.
- Participants use **"Raise Hand"** option as Buzzer.
- First hand raised will be given chance to answer, if the answer goes wrong, Chance will be passed to second hand raiser, and so on.
- Marks for correct answer: **+15**.
- Marks for wrong answer: **-5.**
- Scoreboard leader will be declared as Winner.

Round 3 (In case of tie):

- Buzzer Round of only ONE Question.
- Fastest correctly answered will be declared as Winner.

The event is conducted in Microsoft Teams and considering the time and performance of participant's winner will be declared.

Rules andRegulations:

- Each Participant should carry collegeID
- ParticipantsshouldInstallMicrosoftteamsandhaveagoodInternet connectivity.
- Event will commence at scheduled time; Punctuality will be appreciated.
- Can participate as Individual or Team.
- Team Limit: 2 participants.
- All Participants ensure that you have good internet connectivity in order toavoid any technical glitches.
- Malpractice leads to cancellation of participant from the event.

ROBO RACE

Event Description:

In this event a CAD model is to be made by the participants prior to the event with the following requirements

Technical Requirements:

T.R.1 A bot (Race Car) with the chassis (base frame) of any type should be designed.

T.R.2 Bot should consist of minimum four wheels.

T.R.3 Design should consist of separate space of essential components like batteries, Motors etc…

GENERAL RULES

This event consists a sequence of two rounds

Round-1

- The CAD model of the bot is to be demonstrated through a presentation.
- CAD model made using any application/software is permitted.
- The time limit for presentation is limited to 5minutes and anyone from the team can present.
- The CAD model is awarded with points based on relevant justification and demonstration.

- The model with good score is made to participate in the next round.

Round-2

- Round-2 is a virtual race between participants who are qualified in round-1.
- Only one from the team is allowed to enter the race.
- The performance of the teams in round-1, round-2 is considered and evaluated for Final Winner

SCORING CRITERIA:

1. Maximum marks for Engineering design presentation are 100.
2. Marks will be awarded based upon the quality of design and presentation.
3. Maximum marks for the Race are 75.
4. Fastest in the cars gets full marks and other will be scaled to 75 based on their timing.

Team Size: 2 maximum

Registration Fee: Rs.200/- per student.

OUTCOMES OF THE EVENT

1. Enhancing student abilities to think and implement.
2. Introducing Design Engineering to students.
3. Developing interest and creative thinking.
4. Effective utilization of resources and tools by the students.

Event Description:

A water rocket is a kind of model rocket involving water as its response mass. The water is constrained out by a compressed gas, normally packed air. Like all rocket motors, it works on the rule of Newton's third law of movement.

Water is partially filled into the bottle, which is then sealed. The bottle is then inflated with a gas, commonly air compressed with a bicycle pump, Water and gas are combined, with the gas storing energy because it is compressible and the water increasing the propellant mass fraction and giving more force when ejected from the rocket's nozzle.

To launch the water rocket, we need to pump air into the rocket: this provides the energy for the launch. As the air enters, it bubbles up through the water and pressurises the 'empty' space above the water. You can see that the release mechanism has to be really quite clever, allowing air into the rocket, while not allowing the water to escape until we activate a trigger.

In addition to aerodynamic considerations, the volume of water, the beginning pressur, the size of the rocket nozzle, and the unloaded weight of the rocket all affect altitude an d flight duration.

This event satisfies the Newton's third law of motion. The purpose here is to produce a water rocket using a soft-drink bottle. The rocket should only use water as its reaction

agent and it is forced out by a pressurized gas (compressed air using a pump). Time of flight is measured from the launchpad (from where the rocket is launched). The points are distributed to the teams based on the range reached. Even the design criteria were taken into consideration.

POWER LIFTING RALLY

Event Description:

Round 1: In first round, a Component is displayed over the screen in discrete form. Participants should identify the component with the parts displayed and need to talk about the component for at least one minute.

Round 2: In second round, A Puzzle is asked and the one who raises hand first gets the opportunity to answer and has a time limit. If failed to answer the question or for a wrong answer gets negative marking.

The event is conducted in Microsoft Teams and Considering the time and performance of participants winner will be declared.

Rules and Regulations:

- Each Participant should carry college ID
- Participants should Install Microsoft teams and have a good Internet connectivity.
- Event will commence at scheduled time; Punctuality will be appreciated.
- Individual or team event: Individual Event

ROBO STRIKER

Event Description:

The Robo Striker event conducted consists of two rounds based upon the individual scoring the winners are decided. The concept keeping two rounds is to students get a strong base on public speaking and sparkling communication skills. And from the soccer game play the communication, understanding one among for each other.

In Debate the topic is given to students by making a team of two from different groups and then they are participated against the other team based on their performance the judges score accordingly. 60 secs are given to each team before starting the debate and then each team gets 120-150 secs to impose their thoughts on the topic.

Soccer Game is played in the Rocket league application where the students are informed before one day to the event. The students registered with their respective roll numbers and then the organizer launches a room in which 6 members of team is present where 2 organizers in each team are spectating every minute.

This event makes the participating students to take a further step ahead in their life from their skills, hard work and time spend for making to the Top.The points are distributed to the teams based on the debate and reaching to the different finals in the virtual match.

ROBO WAR

Event Description:

Design a wired or wireless manual robot that can participate and compete with the opponent robot in a war with designed weapons that to be used during the war.

Game Play Rules:

Round-1:

- This round is of Group Discussion.
- The topic of Group Discussion is on the weapons you use during the war and when you will use them.

Round-2:

- Theteamswill competein a game which is held in online.

- You will be awarded the points according to your gameplay.
- The points will be automatically displayed in the website after the game.
- The Four Teams whichscoresmorenumberof points will go the Quarter finals and then proceeded by the semifinals.
- Decision ofthe Judgesand EventOrganizersshallbetreated asfinal.
- The event coordinator is the match referee. He takes all the decisions andparticipants havetoabide byit.

POINTSDISTRIBUTION:

- Group DiscussionandGamehavecontributiontothefinalmarks.
- Teamwithhighestpointswithingiventimewinsthegame.

EVENTFAIR & PARTICIPATION:

- **200**perstudent
- Maximum of 4 members are allowed and each team consists of onebot.

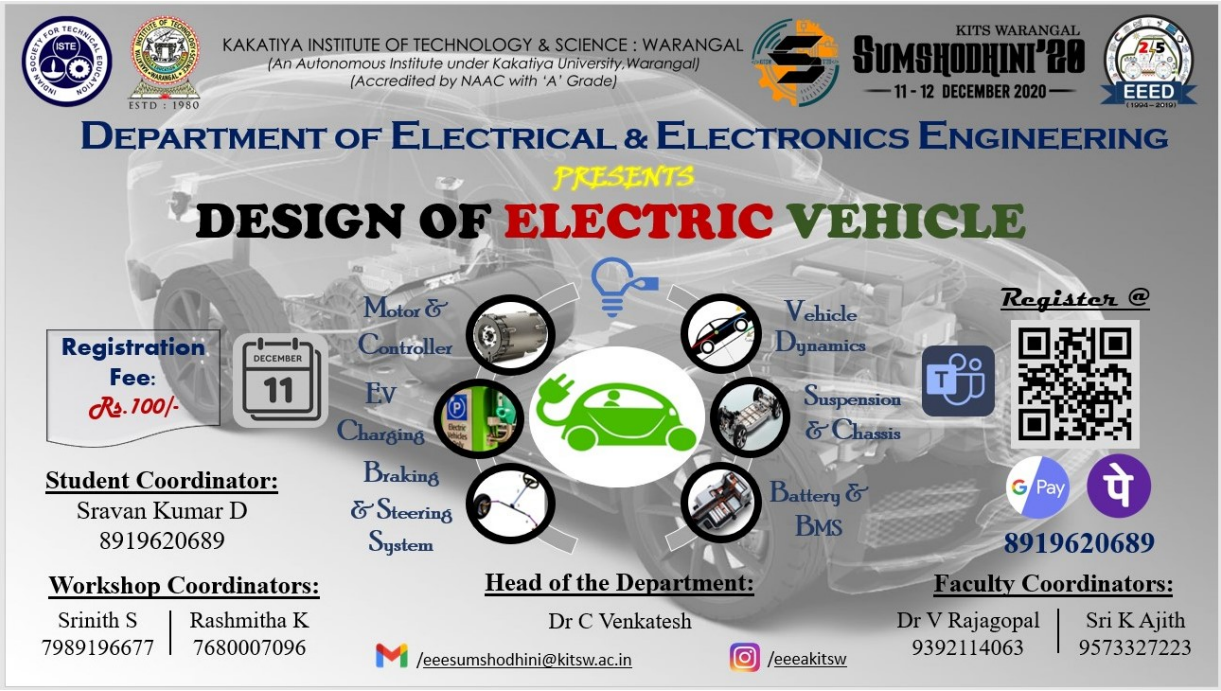
ELECTRICAL AND ELECTRONICS ENGINEERING

WORKSHOP ON *"DESIGN OF ELECTRIC VEHICLE"*



Electric Vehicles, one of the most emerging technologies is a great domain for the graduating engineers to explore. Electric Vehicles is a wide ocean with various sub-domains to explore and one among them which requires more attention is the Battery technology. This workshop focuses on the battery technology of an Electric Vehicle and also sets the venue for the participants to get their hands on the practical session too.

In the workshop on Electric Vehicle for SUMSHODHINI'21 from the Dept. of EEE, entitled **"Modelling of Electric Vehicle Battery",** the participants will be able to get insights into various concepts and technologies of a battery. In this workshop, participants will be enlightened starting from the basics up till the modelling. The main focus of the workshop will be on: Battery Terminology, Battery Technologies, Battery Management System, modelling a Battery Management System (BMS), Modelling a Battery, Making a Charging Circuit.

In the workshop on Electric Vehicle, there is also a hands-on session where a battery will be made as per the requirement with the help of various important components which enable the battery to work efficiently. So, this workshop containing both theoretical as well as practical session will help the participants acquire knowledge on modelling a battery as per their requirement with the help of the Battery Management

System. There are also exciting rewarding quizzes in between the sessions to test the participants' knowledge.

Workshop Outcomes:

By the end of this workshop, one will be able to,

1. Know the basic electric vehicle concepts along with its history and its rise.
2. Model a battery by gaining knowledge on battery management system, various trends in battery technology.

EVENTS

PAPER PRESENTATION

Paper Presentation is all about how effectively your idea is conveyed to the audience. Paper Presentation not allows judges the knowledge but also the creativity in that individual and hence the participant will be assessed in various criteria like presentation style, communication skills and how promptly and effectively he/she is able to answer the questions.

Once the participant is registered, they have to make soft copy of their Presentation in PPT format and they have to forward Abstract & PPT to the mail id provided by the organisers. And also, participants should make sure to attach a slide which includes acknowledgement of sources of their presentation at the end.

Event Outcomes:

By the end of this event, one will be able to,

1. Make effective presentations and present effectively.
2. Know how to implement many other technologies presented during the event.

Event Guidelines:

1. Each team can consist of maximum 2 members; it is not mandatory to form a team.

2. Participants have to send their final PPT to the mail id provided.

Event Details:

Registration Fee: Rs.150/-

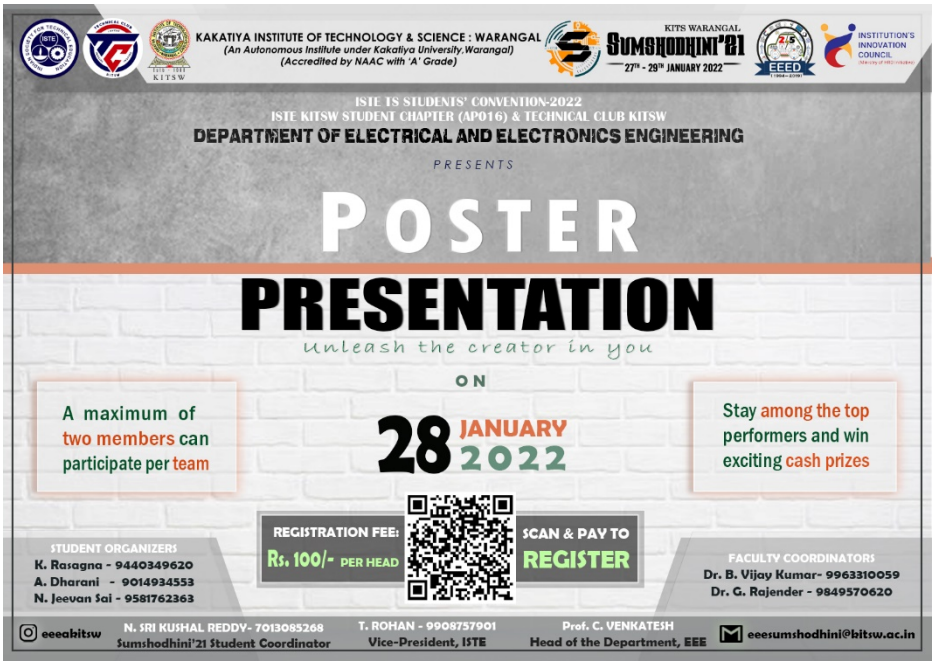
POSTER PRESENTATION



Presentations are a form of art where one Poster presentation is a form of art where one conveys their idea in the form of PowerPoint presentation, poster, art, etc. Poster Presentation is one such form, which enhances the technical creativity in the participants by enabling them to summarize their idea in the form of a poster. This event, on the whole, assesses the participant in the terms of creativity used in conveying their idea.

Event Outcomes:

By the end of this event, one will be able to,

1. Create posters by visualizing the data available related to their project.
2. Present effectively and know the weaker areas in their communication skills.

Event Guidelines:

1. Participants have to present the idea or concept in which he/she interested by means of a poster.
2. Each team may consist of maximum 2 participants.
3. Members of a team may be from same college or different.
4. Maximum time for each team of presentation is 10 minutes.
5. A team member can't be a part of more than one team in the given competition.
6. The decision of the judges or coordinators shall be treated as final and binding on all.

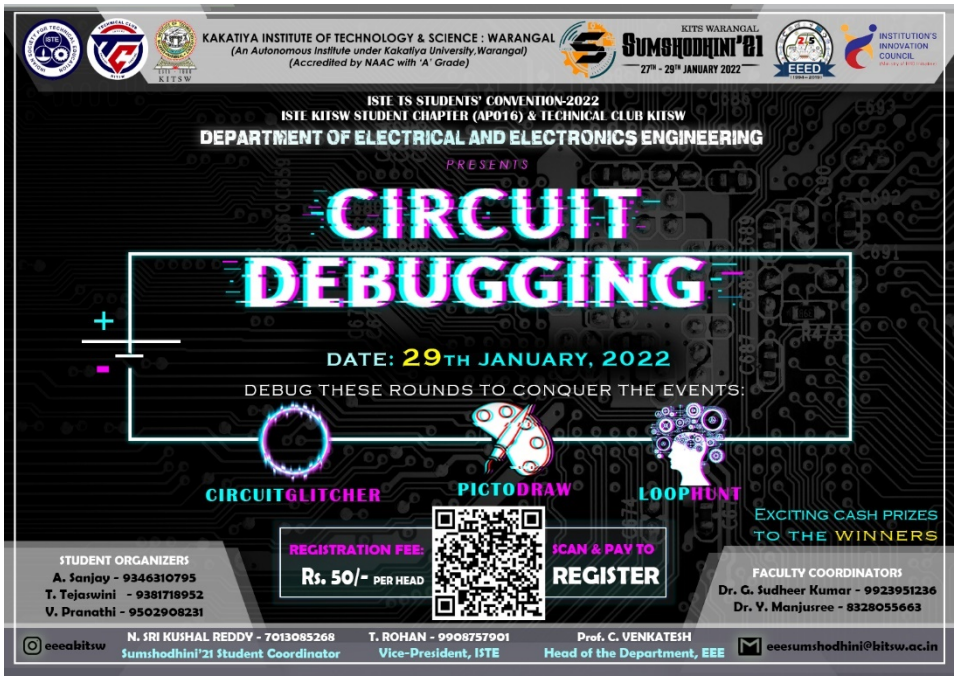
CIRCUIT DEBUGGING

The major part in the role of an Electrical Engineer lies in dealing with the circuits and that is what forms the gix of this event. Circuit Debugging puts the participant in a real time situation where the participant will be challenged to detect the error in the circuits, build a circuit as per the requirement, etc. The rounds in this event have been designed in such way that the participant will be tested in various perspectives which



helps the participant realize the other perspectives of analysing a problem. The participants can test their practical skills through the rounds below:

1. **Circuit glitcher**: In this round, participants need to identify the faults in the given circuit, if any and correct them.
2. **Picto draw**: In this round, a circuit will be displayed on the screen for limited time period and the participants need to memorize the circuit and draw it within the given time.
3. **Loop hunt**: In this final round, participants should design their own circuit based on our requirements within given time.

Event Outcomes:

By the end of this event, one will be able to,

1. Learn the basics of electrical engineering and know the working behind various components and gadgets using in the day to day lives.
2. Identify and correct errors in basic electrical circuits and design various other electrical components.

ELECTROMATA

An engineer in any domain can conquer real time problems when they can analyse a problem from its roots. This event assesses the participants in terms of how strong their wall of basics has been built. This event makes the participant analyse the areas where they stand in terms of their basics through three rounds mentioned below:

1. **Pictoquest**: In this round, the participants need to answer the questions which will be displayed.
2. **Resistor Hunt**: In this round, the participants have to search for the resistors hid in the hall and have to decode the value of the resistor using the colour code.
3. **Brainpop**: In this round, the participants will be tested on their ability to think out of the box where they need to provide a solution to a problem statement provided.

Event Outcomes:

By the end of this event, one will be able to,

1. Know various trending technologies in electrical engineering.
2. Decode the value of resistors and identify few basic electrical and electronic components.

POWER PLAY

Anything which is learnt with joy is never forgotten and so is the event's main objective. Power Play tests the participants' technical skills in a non-technical way. The rounds are designed in such a way that the participants can learn new things while competing in a different way. The various rounds in this event are:

1. **Electric maze:** In this round, participants are given with crosswords and the participant need to highlight the word in the crosswords which is an answer to the question displayed.
2. **Light the brain:** In this round, three different coloured electric lamps with a number written on them are used. These lamps will be turned ON and OFF in a particular fashion and the participant needs to count the sum of all numbers on the lamps which are turned ON.
3. **Power mania:** In this final round, a video will be played on the screen only once and the participants, after watching this video, must answer the questions related to that video will be displayed on the screen.

Event Outcomes:

By the end of this event, one will be able to,

1. Enhance their thinking ability, improve their critical thinking and can know different perspectives of analysing a problem and solving it.
2. Know the working of various power plants and can analyse the challenges faced by them.

ELECTRONICS AND COMMUNICATION ENGINEERING

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

About the Department:

The Department of Electronics and Communication Engineering was started in theyear 2000. The department is running one UG Programme in B. Tech (ECE) and one PG Programme with specialization in Digital Communication. The B. Tech Programme was started in the year 2000 with an intake of 40 students, subsequently the intake was increased to 60 in the year 2001 and to 90 in the year 2009 and in year 2011 the intake got enhanced to120 and presently the intake is 180. The post graduate programme in M. Tech (Digital Communications) has an intake 25. The Department has state of the art laboratories suchas Analog & Digital Simulation Lab, Microprocessor & Microcontroller Lab, Pulse Digital Circuits Lab, Analog Communication Lab, Digital Communication Lab, Microwave & Optical Communication Lab, Signal Processing Lab, Digital Electronics lab and are regularly upgraded to meet the current changes in Electronics and Communications. The Department hosts a very good library which is accessible to both students and staff. The syllabi of the courses are periodically updated taking into fold the rapid changes inthe field of Electronics & Communications.

The Department has dedicated and dynamic faculty members. The department has 9 doctorates and remaining all with PG degrees from reputed institutes. They continuously strive to maintain the academic standards of the institute.

The faculty has a zeal for research and it is reflected by their publications in various National and International Journals. Faculty have attended in as many as international conferences and presented their work. They have also published their work in 37 referred journals. Most of the referred journals are SCI indexed. The department also boasts of filingpatents under intellectual property office of India.

Department has been funded with Rs.41.36 lakhs by SERB-DST for the project entitled "Design and development of Printed Microstrip antennas for LTE and GPS Applications" under the guidance of Dr. M. Chandrasekhar. As a part of it a well-equipped laboratory has been established to carry out his research work on antenna development. Sunil Raja Manchili has been recruited as a junior research fellowto

supportresearch work for a period of three years.

Many of the students of the department get placed on campus every year in reputedIndustries like GE, TCS, Mphasis, AD3i, ZenQ, Hexaware, ValueLabs, Value Momentum, Edupolis, Ninjacart etc. In- addition the students fare very well in other competitive exams like TOEFL, GRE, GATE etc. and are pursuing their higher studies at premier institutes in India and abroad. Department is continuously striving to increase the placements and to make the students ready to face the competitive world with their technicalknowledge.

To keep the students abreast with the latest technology students are guided to visit various industries. As part of this norm the students have visited many industries like HAL, DRDO, RCI, BHEL etc every year. The students are also encouraged to pursue internships at various industries.

About the Symposium:

As per the culture of Kakatiya Institute of Technology and Science, every academic year ISTE Student Chapter and Technical Club KITSW - Student Activity Centre (SAC) organizes SUMSHODHINI, a National level Student Technical symposium for the aspirants assembling from various engineering colleges with a very highly competitive spirit to participate and with the strong determination to include their achievements & accomplishments to their resumes. It also enables the students to develop leadership and organizing skills. This fest is organized every year with the objective to provide platform for the students to showcase their talent with a competitive spirit. This year SUMSHODHINI'21 was organized from 27th-29th January,2022. The event was successful enough to attract as many as registrations.

As part of SUMSHODHINI'21, departmentof ECE executed with a total of 10 events planned and organized at its best of quality.

Focusing on the types of events to include in the fest was decided by fest coordinators keeping the interest and need of the engineering student into consideration. Students haveactively participated in all the events and presented their work. The events of the ECE department were planned, executed and have managed to gather maximum response. Theevents are Paper Presentation, Poster Presentation, Game of Codes, Symbolography, Technophilia, Rendezvous, Techtrix, Get Set Debug, Techsparkle, Arcadathon,

A two-day workshop on "PCB DESIGN" for 1st year students and "IOT FOR HEALTH CARE APPLICATIONS" for 2nd year students have been conducted for welfare of the students. A total of students has participated in both the workshops.

A worth witnessing response is observed for both the workshops and theknowledge the students have gained was valuable and informative.

The following were the list of technical events organized:

1) Workshop (for 1st year students): "PCB DESIGN "
2) Workshop (for 2nd year students): "IOT FOR HEALTHCARE APPLICATIONS"
3) Paper Presentation
4) Poster Presentation
5) Game of Codes
6) Symbolography
7) Technophilia
8) Rendezvous
9) Techtrix
10) Get Set Debug
11) Techsparkle
12) Arcdathon

The winners were encouraged with a cash prize for all the events. Department feels proud to organize such a successful event and would like to convey thanks to Head of the Department, Principal and management for their timely advice and cooperation for organizing successful Fest. Not to forget final year and pre-final year students of ECE Department also deserve thanks for contributed their complete effort and participants for making "SUMSHODHINI'21" a grand success.

ELECTRONICS AND INSTRUMENTATION ENGINEERING

DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

ABOUT THE EIE DEPARTMENT:

The Department of Electronics and Instrumentation Engineering was established in the year 1981, with an intake of 30 students and subsequently it increased to 60. The Department has strength of 14 faculty members, all the faculty members hold PG Degree, out of which 4 faculty members are doctorate's ,10 faculty members are pursuing Ph.D.

The students fared well in national level competitive exams like GRE, CAT, GATE, TOFEL etc.., and most of them are pursuing their higher studies in premier and prestigious institutions like IITs, NITs, IIMs and many reputed Universities abroad.

The students of the department conduct various programs in the students Association, "Electronics and Instrumentation Engineering Association" every week, which is scheduled as a part of academic program. This includes activities like Group discussions, JKC activities, Mock interviews, and many other activities which help students to excel in their soft skills and organizing capabilities.

Workshop: Industrial IoT

Kits Warangal has organised SUMSHODINI'21 a yearly technical symposium, virtually this year with proper covid precautionary measures. As part of it, Department of Electronics and Instrumentation Engineering (EIE) has organised a workshop on Industry 4.0 with a title of Industrial IoT.

The term Industry 4.0 was coined by German Government which indicates use of Internet of Things in manufacturing industry. Sometimes it is also known as Industrial Internet of Things (IIoT). It refers to the fourth industrial revolution. The first industrial revolution was the mechanization of production using water and steam power; it was followed by the second industrial revolution which introduced mass production with

the help of electric power. The third industrial revolution was the use of electronics and IT to further automate production.

The training program discusses the application of the industry 4.0 development for integration of all intelligent and communicable assets distributed in the physical world over internet (Internet of Things) and the related extensions in manufacturing industry (Industrial Internet of Things and Industry 4.0).

Industry 4.0, termed as the fourth industrial revolution, refers to total computerization of manufacturing (smart factory). Industry 4.0 is a collective term used for a no. of contemporary technologies and concepts such as Automation,
Data exchange, Lean manufacturing, etc., all put together for value chain organization. Industry 4.0 consists of network of Cyber-physical Systems. (Manufacturing processes), Internet of Things (Machines), and Internet of Services (cross organizational services). The driving principles are: Interoperability, virtualization, decentralization, real-time capability, and modularity among manufacturing industries.

Industry 4.0 is based on the technological concepts of cyber-physical systems, the Internet of Things and the Internet of Services. It facilitates the vision of the Smart Factory.

Advanced embedded technologies or "cyber-physical systems" foster intelligent **machine-to-machine (M2M)** communication, creating an Internet of Things. This will change a conventional industrial production to connected, intelligent manufacturing through smart factories, products, and services.

Two-day workshop on Industrial IoT. [28th & 29th January 2022]

Registration fee

Rs.500/- per head.

Conducted virtually on 27th & 28th December through Microsoft teams.

PPT PRESENTATION

Venue: MS Teams

Time: 10 a.m. to 3 p.m.

The Technical Paper Presentation event hosted a total of 13 teams from varied engineering backgrounds, with an emphasis on the branches of Civil, Electronics, Electrical and Mechanical Engineering. The panel of judges from our Department Mr. O. Anjaneyulu sir & Mr. Shashikanth sir. The diverse panel of judges ensured a fair, unbiased representation of the various branches of engineering. The event commenced at 10 a.m. after the felicitation of the judges, with the participating teams eager to present their ideas and innovations. It was indeed a sea of brilliance, as team after another came forward armed with incredible, original prototypes, research papers and advancements. Fielding question after question by the judges, the participants displayed their undying thirst for knowledge, whilst showcasing their immense interest and the astonishing amount of effort and research put into each of their individual presentations.

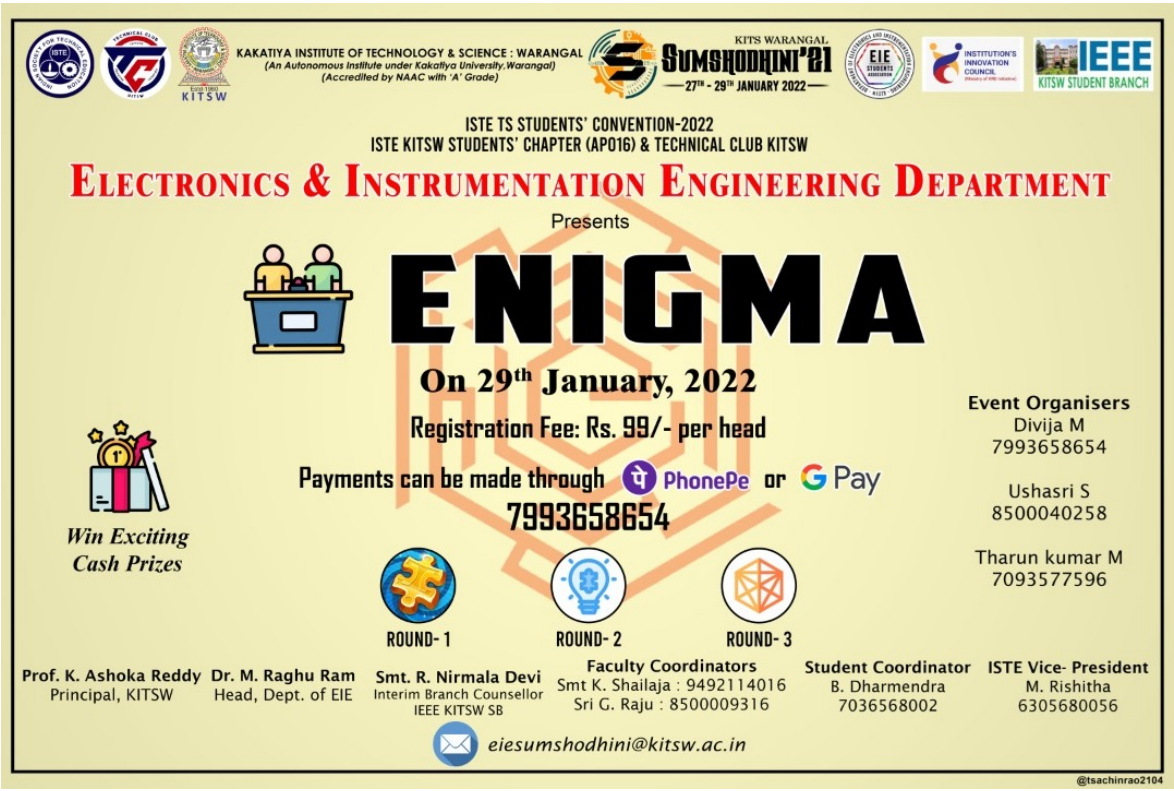
ENIGMA



As part of SUMSHODHINI'21 the Department of Electronics and Instrumentation Engineering had organized an event **ENIGMA.**

This event consists of 3 rounds namely

1. PRETEST
2. MYSTIFY
3. BEMUSE

ROUND 1: PRETEST

It consists of 15 questions in form of quiz with time limit. The topics are of all genres like C language, general, movies, and etc.

ROUND 2: MYSTIFY

In this round, questions will be displayed regarding logos along with the time limit. Based on scores of rounds 1 and round 2, segregation is done and highest score participants will be forwarded to round 3.

ROUND 3: BEMUSE

In the final round, questions based on aptitude and reasoning with time limit of 2 minutes.

Registration Fee:

Rs. 100/- per head

PLACEMENT HEAT 3.0

Placement heat is all about a practical session for placements. It provides a base to know how a person gets placed and what aspects are involved. This event consists of 4 rounds. 1st is a basic written test it includes aptitude basic MCQS.

Followed by group discussion, Technical Round (TR), and HR round. The best thing here is, it gives an experience as our faculty will interview you.

ROUND 1: QUIZ-TOPPER

ROUND 2: GROUP DISSCUSION

ROUND 3: TECHNICAL ROUND

ROUND AND DETAILS:

👉 Round 1 – Quiz-Topher ⌨

The questions are related to the Basics of C programming language, Aptitude, and logical reasoning. A google link was posted and duration for attempting 20 questions was 15 minutes.

👉 Round 2 - Group Discussion

In this round, the people who completed round 1 will be gathered and made into groups. And a topic was given and they need to discuss and share their points. The topic we gave to the participants was ''pros and cons of social media''.

👉 Round 3 – Technical Round 👩‍💻

Each individual who completed round 2 will be entering into this round. This round is completely on the basic technical part.

👉 Round 4 – HR Round

In this round, you will be having interaction with the faculty. The best thing here is, you will get an experience because our faculty will interview you.

Date, Time & Venue: The event was conducted on 29th January 2022 in the morning session i.e., from 10:00 am to 1:00pm. Due to covid-19 pandemic the event was carried out in google meet in virtual mode.

Description:

In this event we will have a total of three rounds as follows:

- **ROUND 1:** in this round, we will conduct quiz through an online platform. The quiz contains basic business questions in a few formats (like true or false, poll, MCQ, match the following type) whoever scores good marks within the time limit will be promoted to the next round and others will get eliminated.
- **ROUND 2:** In this round, we will have a few chits in a box and the participants should pick one and based on the chits they will be given a basic business question and the participants should give their idea to solve the given question. He/she will be promoted to the next round depending upon the ideas they present.
- **ROUND 3**: we will provide fake currency to each participant. We will display a few items which will be rated from (1star - 5 stars) and we will auction those items and participants must buy them in the bids. The higher bids offered by participants will own the product. Person having more stars in his profile will be declared as winner **... ***LIMITED ITEMS ONLY *****

COMPUTER SCIENCE & ENGINEERING

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

As per the culture of Kakatiya Institute of Technology and Science, every academic year ISTE Student Chapter & Technical Club KITSW - Student Activity Centre (SAC) organizes SUMSHODHINI, a National level Student Technical symposium for the aspirants assembling from various engineering colleges with a very highly competitive spirit to participate and with the strong determination to include their achievements & accomplishments to their resumes. It also enables the students to develop leadership and organizing skills. This fest is organized everyyear with the objective to provide a platform for the students to showcase their talent with a competitive spirit. This year SUMSHODHINI'21 was organized from 27th – 29th January, 2022.

As part of SUMSHODHINI'21, the department of CSE executed a total of 12 events plannedand organized at its best of quality. Fest coordinators decided to focus on the types of events to be included in the fest, taking into account the interest and requirements of the engineering student. Students participated actively in all events and presented their work. The events like PPT PRESENTATION, LOGIX V5, FUZON, FESTZILLA, TRICKY TECH, ULTRON'21, THE BIG BASH, CODE HUNT, APP INVENTOR 4.O, TECH POSTER, SPLASH and TECH WIZARD were planned, executed and have managed to gather maximum response. A one-day workshop on "AMAZON WEB SERVICES" has been conducted for the welfare of the students. A total of155 students have participated in the workshop.

The following were the list of technical events organized:

1. Workshop: "AMAZON WEB SERVICES"
2. PPT Presentation
3. Logix V5
4. Fuzon
5. Tricky-Tech
6. Festzilla
7. Ultron'21

8. The Big Bash
9. Code hunt
10. AppInventor 4.0
11. Tech Poster
12. Splash
13. Tech Wizard

The winners were encouraged with cash prizes and merit certificates for all the events. Every participant will be given a participant certificate. The Department feels proud to organize such a successful event and would like to convey thanks to the Head of the Department, Principal and management for their timely advice and cooperation for organizing a successful Fest. Not to forget final year students of CSE Department also deserve thanks for contributing their complete effort and participants for making "SUMSHODHINI'21" a grand success.

WORKSHOP ON "*AMAZON WEB SERVICES*"

The program was all about introducing the Amazon web services (Cloud) to the Registered students. The primary focus is to make students understand the cloud architecture and working of AWS. The Workshop became the first step for kickstarting in AWS field at the end of the day The resource person gave inputs for participants using AWS with different streams. Mr. Madhu from Madblocks was thetrainer for the program. Students were given practical exposure on how the AWS works internally as a part of the one-day workshop.

Contents covered:

1. Introduction to cloud
2. AWS architecture
3. AWS usage
4. Working of AWS
5. Programming structure
6. AWS usage and process
7. Programming basics related to AWS

PPT PRESENTATION

As a part of SUMSHODINI'21, we have organized an event PPT Presentation. PPT Presentation isan event for 1st, 2nd and 3rd year students of all branches. In this event the participants are asked to present a ppt on a technical topic of their choice. The main objective of this event is to educatestudents how to present PPT and give them tips for creating effective PPTs. By this event the student will also lose stage fear and their communication skills are improved. Participants were asked to present PPT on 28th January in Microsoft teams on the topic they have chosen.

Total number of Students registered for this event: 28

A session was taken by our senior Sai Koushik of 4th year CSE in google meet for participants to educate them about how PPT can be created and presented in an effective way. In this session we gave some tips on how to choose a topic for PPT presentation and how to cover the topics key points while presenting in the given amount of time. We also took a session for doubts clarification of participants.

On 28th January the participants were asked to present the PPT in Microsoft teams meeting andmarks were awarded by faculty coordinators: S. Naga Raju sir, Dr. Kumar Dorthi sir, Dr. N. Gayatrimam, R. Swetha mam and Student Advisors: Rishitha, Sai Koushik and Event organizers: R. Nischitha, G. Ananya K. Harish, Sameera. The marks were awarded based on the communicationskills of the students while presenting and subject knowledge on the topic. The winners were decided on the marks awarded by faculty coordinators, students coordinators and event organisers.

The winners were given cash prizes with merit certificates and participants were given participation certificates.

LOGIX V5

Logix V5 is an overall skill assessing event, conducted exclusively for 1st year engineering students. Our team curated questions, taking into consideration, the syllabus of 1st-year students.Aptitude, Knowledge of Science of Computer, Problem-solving, error detection from the code andspeaking spontaneously are the life skills a student has to possess, throughout his career. The mainmotto of our event is to provide 'Education with Entertainment' by introducing our juniors to theseimportant skills.

EVENT DESCRIPTION:

ROUND 1: Quiz on Aptitude and General Computer Science

Questions on aptitude and General Computer Science are posed to the participants using https://quizizz.com/. There will be 15 questions and time duration of 20 minutes.

ROUND 2: Procedure description/correction round.

There will be two questions, 1st one includes writing an algorithm/flowchart or explaining the logic for a simple program and the 2nd one is finding the errors from the givenalgorithm/flowchart. Duration: 20minutes.

ROUND 3: Just a minute (JAM) round

In this round, the participant has to speak for a minute and the topic will be assigned to him/her onthe spot, but the topic will be generalized and fun.

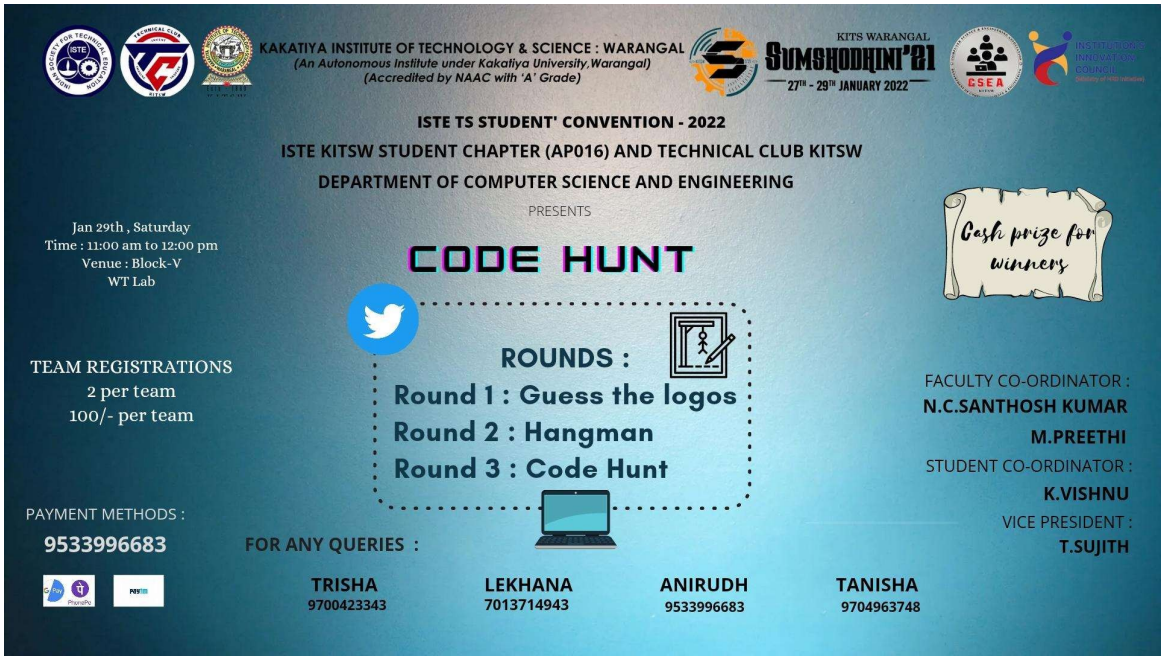
CODE HUNT



Our event basically involves technical stuff and is fun too. It is CODEHUNT

It consists of 3 rounds

Round 1:

We've considered the first round as a warm up round. It is to increasethe Competitiveness within the participants. In this round, we show the logos of some famous apps or companies and ask the participantsto identify them.

Round 2:

Hangman

In this round you have to guess the word with the given hint. The word to be guessed is represented by a row of dashes, representing each letter of the word. If you guess it wrong in given number of chances you lose. First team to guess it right will be considered as winner for this round.

Round 3:

This round is a bit interesting. In this, we give participants somesimple c codes with few errors and ask them to debug the codes.

Solving all the codes would lead them to a clue or a sentence. Firsttime to reveal the sentence wins the round.
Registration fee: 100/- per team

Date and Venue: 29th January, 11AM to 12AM, Google meet

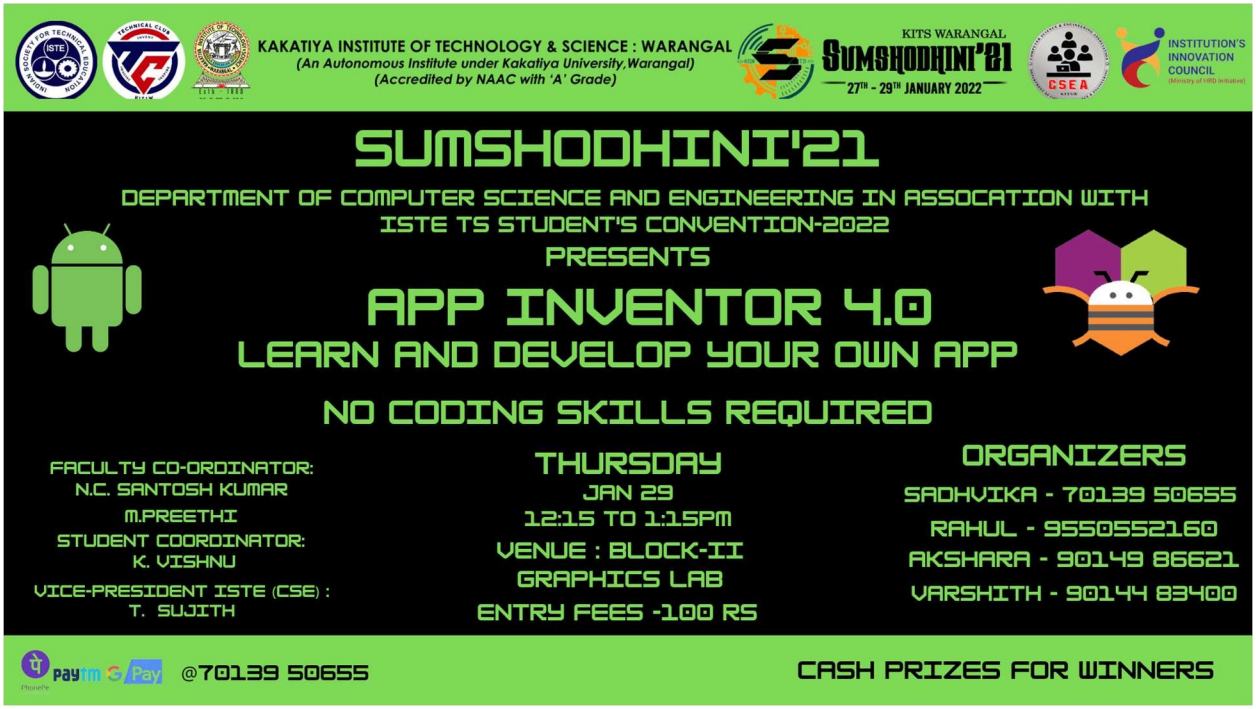
APP INVENTOR 4.0



EVENT DESCRIPTION:

App Inventor 4.0 is an online platform designed to teach computational thinking concepts through development of mobileapplications both Android and iOS. Students create applicationsby dragging and dropping components into a design view and using a visual blocks language to program application behavior.

Round 1: Explaning
Round 2: Quiz

ROUNDS AND DETAILS

Round 1: Explaning

We explained how to use app inventor and talked about all the tools in appinventor.
We also showed them how to create an app using app inventor by creating anapp.

App inventor: https://appinventor.mit.edu/

Round 2: Quiz

FINTECHIE

At the outset of the virtual event on "FINTECHIE" would like to express their thankfulness for all the technical and motivational support for successful conduction on 28th January 2022 on the occasion of sumshodhini'21- a national level symposium by Kakatiya Institute of Technology and Science, Warangal.

The total number of registrations we received were 59 out of which 40+ are from different institutions and colleges few of them are as follows

- NIT Warangal
- NIT Jaipur
- NIT Bhopal
- RGUKT Basar
- GNIT
- GITAM University Vizag
- Anurag University, Hyderabad, etc.

Our event is truly related to I²RE (Innovation, Incubation, Research, Entrepreneurship) concept which made participants show more interest on registrations. We are happy to bring to your kind notice that the event is well appreciated by many of student participants with good review.

The team express their sincere gratitude to all the academic and administrative authorities namely Prof. K. Ashoka Reddy, Principal, KITSW; Prof. G. Raghotham Reddy, Dean (SA); Sri. M. Narsimha Rao, Assoc. Dean (SA); Dr. V. Niveditha Reddy (HOD-MBA); Sri. K. Shashank (Event Convener Sumshodhini'21); Faculty Co-ordinator (Dr.P. Surender)
The similar support and cooperation from our esteemed teaching faculty is expected in the near future. Thanking you sirs.

Yours Faithfully
Ms. Ravali.K, Mr. Azaruddin., MD Mr. Dilip, Ms. Shrinija. S

Students advised to take advantage of latest technology

Warangal Municipal Commissioner Pravinaya appreciates KITS for taking initiative in organising technical symposium in association with ISTE and others

PNS ■ WARANGAL

Greater Warangal Municipal Corporation Commissioner P Pravinya on Friday pointed out that the technical symposia would help develop creative innovations and exchange of knowledge between students and technocrats.

The Commissioner was inaugurating national-level technical symposium, called SUMSHODHINI'21, organised by the Indian Society for Technical Education (ISTE) and KITSW student chapter of Kakatiya Institute of Technology and Science, Warangal (IITSW) in association with Technical Club, student Activity Centre (SAC), and all departments. KITSW principal K Ashoka Reddy presided. Pravinya said the symposium would provid a platform to transform text-book knowledge into practical knowledge. She advised the students to develop "apps," which are useful to the society. He stressed the need to utilise the latest technology like Artificial intelligence, etc.

Rajya Sabha member and KITSW secretary and correspondent V Lakshmikantha Rao congratulated the faculty coordinators and the team of student coordinators for organising the technical symposium for the benefit of engineering and MBA students.

Alignity Consulting, Texas, USA, Chief Executive Officer Gopinath Kokkonda was the guest of honour on the occasion. He said "talent is our strength." ISTE-TS Secretary A V S S Kumara Swami Gupta , who as the guest of honour, said there wre 7,500 faculty and 4 lakh students in ISTE. The objective was to share and support the latest technological development. On this occasion convener and Dean student affairs G Raghotham Reddy said that more than 5,500 students participated in the technical symposium across the India from reputed NITs and engineering institutes. According to Co-convener and Associate Dean M Narasimha Rao, the technical symposiums are always a gateway to development and growth for both the students and the faculty in terms of technical skills. In this program KITSW Principal prof. K. Ashoka Reddy, convener and Dean student affairs Prof. G. Raghotham Reddy, Co-convener & Associate Dean M. Narasimha Rao, chairman, ISTE KITSW chapter and Program coordinator, ISTE executive council member & Head, MED, Prof. K. Rajanarender Reddy, Dr. H. Ramesh Babu, Co-coordinator & Head, ITD, Dr. T. Senthil Murugan, all the deans, all the HODs, Faculty coordinators, student technical club, general secretary, P. Uday Kiran Ray; KITSW ISTE student chapter president N.Shashidhar and Associate professor of Chemistry, PRO Dr. D. Prabhakara Chary were present.

Three-day tech fest concludes on high note

STATE BUREAU
Warangal

Hard times create strong men, strong men create good times, but good times create weak men, weak men create hard times, said Gopinath Kokkonda, Chief Executive Officer, Alignity Consulting, Texas, USA.

Addressing participants as part of three-day national level tech fest 'Sumshodhini'21' organised from January 27 to 29 in virtual mode by the Indian Society for Technical Education (ISTE) KITSW student chapter, he suggested the engineering students to focus on soft skills besides acquiring knowledge in their subjects.

GWMC Commissioner P Pravinya said that the technical events like these fests were the platforms where text book knowledge would be translated into the practical knowledge.
