INTRODUCTION

Tale of The Treasure is a spectacular event which is a fusion of technical and entertainment, conducted in association hour (Fig. 1).

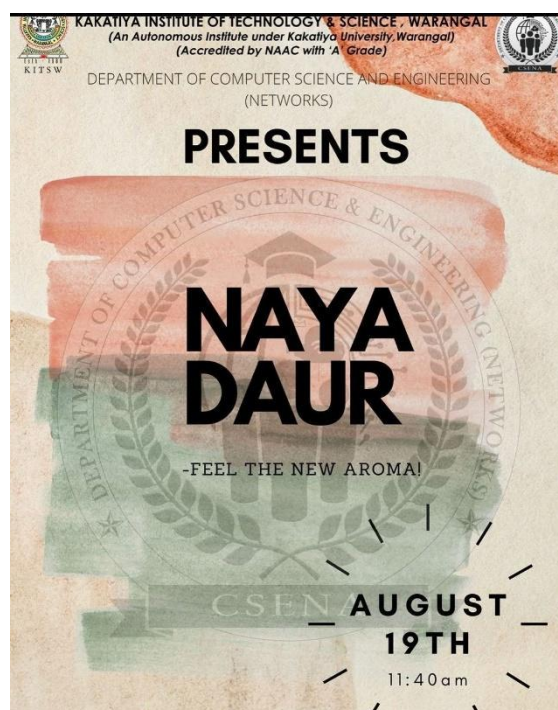

Fig.1 Poster of Naya Daur

Naya Daur is an interactive session between juniors and seniors. The main motto of our event is to provide 'Useful Insights' by communicating with the juniors about association and college related issues, educational related doubts and making them to interact with us.

Event Description:

Event started with a little introduction of CSENA team. President of CSENA, Nischitha of VII sem, talked about the importance of association hour and interacted with the juniors.

Fig. 2 Gradstellar interacting with the students

After listening to seniors, many of the juniors started to pose their doubts. This interaction session made many juniors to have an idea about the college and events conducted by the college and subjects.

Fig. 3 Gradstellar giving useful insights to the students

Fig. 4 queries clarified by team

CONCLUSION

Naya Daur has successfully organized with help of teaching, nonteaching staff and students. Students have participated with excitement and gain knowledge from this event i.e. by interacting with students from different sections. This event totally based on providing useful insights. Every student shown their interest and interacted with the seniors. Good feedback has received from the students or participants.

INTRODUCTION

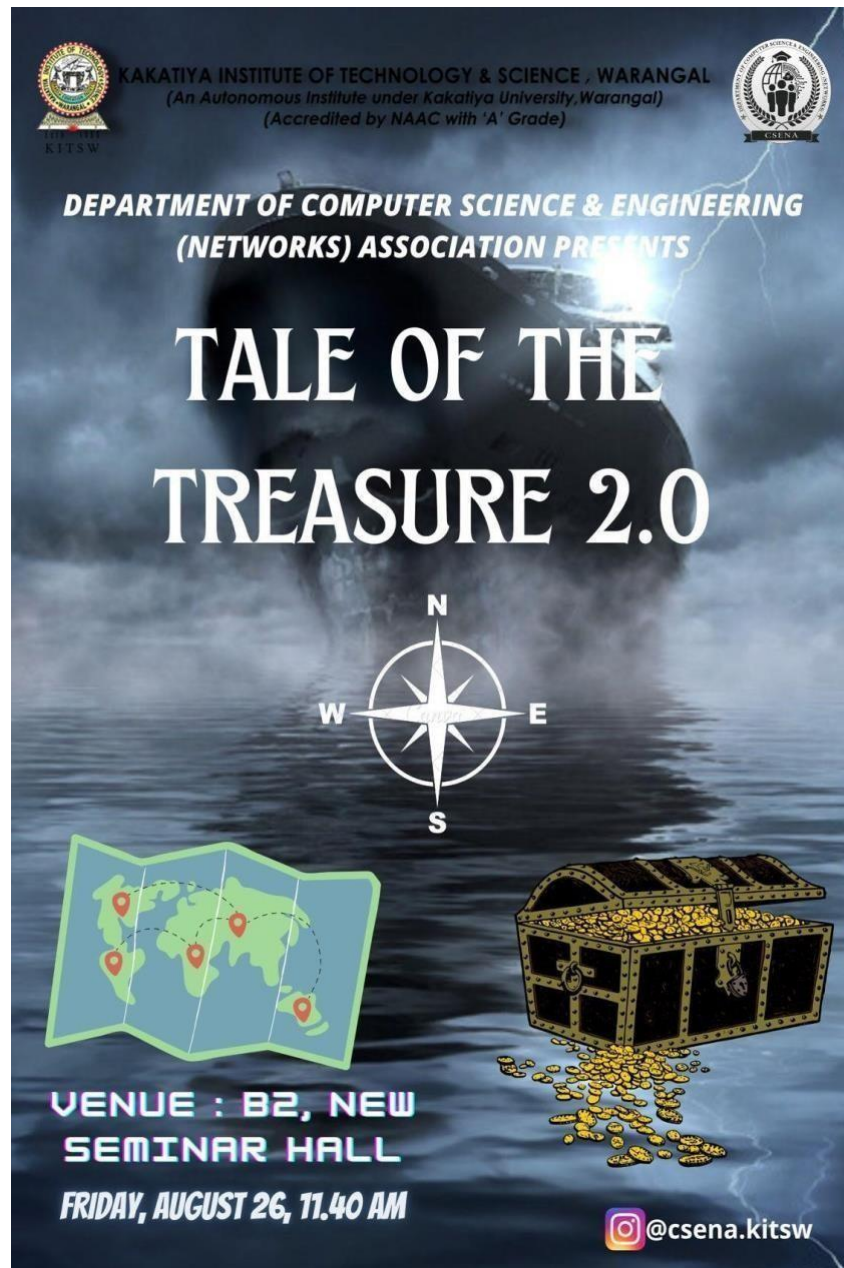

Fig. 1 Poster of Tale Of The Treasure 2.0

Tale of The Treasure 2.0 is a spectacular event which is a fusion of technical and entertainment, conducted in association hour. The main motto of our event is to provide 'Education with Entertainment' This is an event in which participants will solve some coding questions, technical, questions, puzzles and riddles in order to acquire clues of hidden treasure with in the campus premises. Anchors of event had explained about the rules of the event.

Event Description:

In this session, you are supposed to form as a team of 8 members and each team will be getting a set of questions and the answers of those questions will be leading you to places where the treasure is hidden. Find the treasure and bring the stuff to the organisers as soon as possible.

A group of 8 students should form as a team and they sit together in a single row. Each team will be given a set of questions (Codes, riddles, technical questions) which you have to solve and each answer leads to a place/location in our campus.

Fig 2. Participants in seminar hall

From each team set of 4 members will be present in the seminar hall solving the questions and the other 4 will stay out searching the bags (Treasure) at the location obtained from solving the questions. The 4 participants who are solving the questions can inform the other 4 participants in any mode of communication (Texting/Calls).

Fig. 3 Participants solving questions

Once you find the Treasure there will be 2 bags take the bag which has paper in it the bag with sand should be kept there itself (which indicates that someone else has already found and took the treasure).

Fig. 4 Participants searching treasure

The top 3 teams which solve more questions and get more bags will be awarded.

INTRODUCTION

On the occasion of Ganesh Navaratri an amazing event “Vikat Nirman” has been conducted in the association hour (Fig. 1).

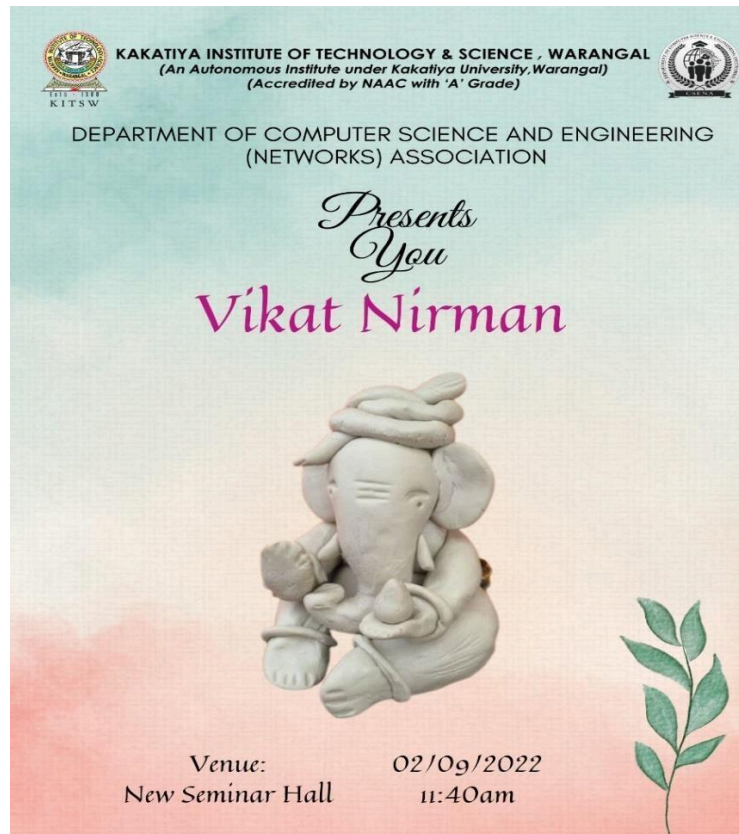

Fig.1 Poster of Vikat Nirman

Vikat Nirman is a spectacular event. The main motto of this event is to bring out the different talents of the students by asking them to prepare creative idols of Lord Ganesha and they are also given few questions related to mythology, riddles, idioms and coding through which they could gain a lot of knowledge.

Event Description:

Event started with the whole strength divided into teams with 8 members in each team. Each team were given few questions, few were related to mythology and few of them were riddles, idioms, simple coding questions.

Fig.2 Students preparing the Idols.

After solving each question, some amount of clay was given to the team. Students were allowed to bring their own decorative items to make their idols look attractive

All the B.Tech II, III & IV year students of dept. of CSE (Networks) are requested to attend the Association activity – “**Kritagnya – Our Gratitude**” on Friday i.e. 09.09.2022 at 11.35 at New Seminar Hall, Block II.

 Convener
 Dr. Kumar Dorthi

 Head of the Department
 Dr. S. Narasimha Reddy

INTRODUCTION

KRITAGNYA is a spectacular event which was conducted to show gratitude towards teachers. This event is dedicated to our teachers for their valuable efforts in making many students future bright and promising.

Fig 1: teachers listening to the students words

We took the privilege to honor them with a little token of gratitude. Some of the students shared their remarkable memories with the teachers and also their views regarding the importance of teachers in our life.

Fig 2 : Token of Gratitude to the teachers

CONCLUSION

Kritagnya has been successfully organized with the help of all the teaching, non-teaching staff and students. Teachers have been very cooperative and shared valuable information with the students and students on the other side expressed their gratitude and respect towards the teachers.

INTRODUCTION

Tale of The Treasure is a spectacular event which is a fusion of technical and entertainment, conducted in association hour (Fig. 1).

Fig.1 Poster of Tech Avenue

Tech Avenue is an interactive knowledge driven event. The main motto of our event is to provide 'Useful Insights' by bringing resource person to the college and making them to interact with students. Grad Stellar visited the campus and shared many useful insights with the students. They also shared their own experiences about how they started and what they are.

Event Description:

Event started with the introduction of the team gradstellar. Totally 5 persons visited the campus.

They interacted with the students about their views regarding different technologies and innovations.

Fig. 2 Gradstellar interacting with the students

After listening to different views of students about different technologies they gave an overview of each technology and explained about the career in different domains.

Fig. 3 Gradstellar giving useful insights to the students

Then they explained about LinkedIn and GitHub and how they play a key role in our career. They also gave tips and suggestions about how to build a good LinkedIn profile.

After that they shared their own LinkedIn profiles and explained about how they build their LinkedIn profiles. Then they gave insights about github and explained about how it is useful in

project management. Then they shared their github profile and different projects which they have done using github.

Fig. 4 queries clarified by team

Finally gradstellar team were thanked with token of gratitude. Students were very interested and felt enthusiastic about learning different technologies.

CONCLUSION

Tech Avenue has successfully organized with help of teaching, nonteaching staff and students. Students have participated with excitement and gain knowledge from this event i.e. by interacting with students from different sections. This event totally based on providing useful insights. Every student shown their interest and interacted with the resource person. Good feedback has received from the students or participants.

INTRODUCTION

Technofrenzy is an amazing event which is a fusion of entertainment and education, conducted in association hour.

Fig.1 Poster of Technofrenzy

Technofrenzy is an event which is the combination of fun and technical quiz. This event consists of two rounds. First round is “Guess the challenge” and the second round is “Quizzie-buzzie”.

This

an event where students will actively participate as it is refreshing and also informative at the same time.

Event Description:

Round 1:

In round 1 some of the images related to movies and movie dialogues are displayed for participants. Images consists of emojis, lead actors of the particular movie, dialogues and many more. There are two teams, one team of boys and another team of girls. Participants will guess the movie names or the dialogues.

Fig.2 Participants of round 1

Round 2:

This round is completely technical. Participants will be given the passcode of an online quiz platform (Quizzes). The quiz consists of technical questions. In the given time limit all the participants should choose the correct answer or fill in the blanks provided with questions.

At the end winners are declared on the basis of score on the online quiz platform.

Fig.3 Participants in round 2

CONCLUSION

Technofrenzy has successfully organized with help of teaching, nonteaching staff and students. Students have participated with excitement and gain knowledge from this event i.e. by interacting with students from different sections. This event totally based on fun activity and technical quiz. This event will also increase the competitive spirit of the fellow students. Good feedback has received from the students or participants.

INTRODUCTION

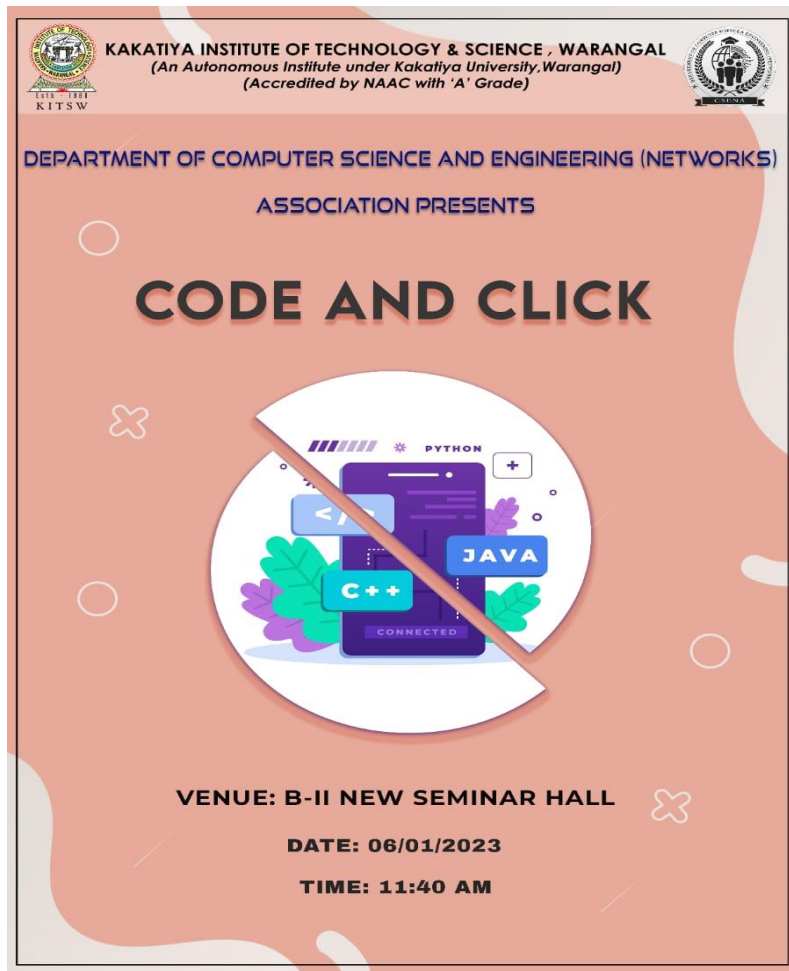

Fig.1 Poster of Code and Click

Code and Click is an interactive session between juniors and seniors. The main motto of our event is to provide interactive to coding within the juniors and improve team working ability and making them to interact with us. And also students creativity is tested on this game where when participants are requested to send pictures with different poses and cretive one will win.

Event Description:

Fig. 2 Students solving the given code

Event started with a little introduction of CSENA team. Nischitha of VII sem, talked about the importance of association hour and described the rules and procedure of the event.

After listening to seniors, many of the juniors started to participate in the event. This event made many juniors to solve the code. This event made juniors feel enthusiastic and move forward.

Fig 4. Fig. 4 Prize distribution for winners

CONCLUSION

Code and Click has successfully organized with help of teaching, nonteaching staff and students. Students have participated with excitement and gain knowledge from this event i.e., by interacting with students from different sections. This event totally based on solving the code and extracting the required picture from it. Every student shown their interest and participated in the event. Good feedback has received from the students or participants.

MINUTES OF MEETING

Date: 16.01.2023

Time: 4.45pm to 5.30pm

Venue: Graphics lab

Agenda of Minutes of Meeting:

- Association Activity-Event finalization
- Event title is finalized as **Road Map 2.0!**
- Preparation of circular
- Formation of Committees like anchoring, discipline monitoring, Photography etc.
- Design of poster of an event
- Discussion on event
- Discussion on invitation and vote of thanks

Fig.1 Poster of Road Map 2.0

Road Map 2.0 is a spectacular event in which knowledge about abroad studies is provided in association hour (Fig. 1).

Road Map 2.0 is an interactive session between Students and IMFS staff. The main motto of our event is to provide ‘Useful Insights’ by interacting with the juniors about higher studies abroad.

Event Description:

Event started with a little introduction of CSENA team. President of CSENA, Nischitha of VII sem, talked about the importance of association hour and interacted with the juniors.

Fig. 2 Introducing IMFS Team

After listening to IMFS talk, many of the juniors started to pose their doubts. This interaction session made many juniors to have an idea about abroad studies.

Fig. 3 Interaction of IMFS with Students

Team IMFS interacted with students and cleared various doubts asked by them regarding abroad studies and details related to them like about all the requirements and specifications

Fig. 4 Queries clarified by IMFS

CONCLUSION

Road Map 2.0 has successfully organized with help of teaching, nonteaching staff and students. Students have participated with excitement and gain knowledge from this event i.e., by interacting with students from different sections. This event totally based on providing useful insights. Every student shown their interest and interacted with IMFS Team. Good feedback has received from the students or participants.

SKILL UPGRADATION A STUDY ABROAD SESSION BY GLOBAL TREE.

The session on skill up-gradation, titled "A Study Abroad Session by Global Tree," presented by the Computer Science and Engineering Association (CSEA) in collaboration with the Computer Science and Engineering (Networks) Association, was mainly focused on providing proper career guidance for studying abroad to 2nd and 3rd year students.

Studying abroad provides exposure to different cultures, which is an enriching experience that can broaden a student's perspective and promote cross-cultural understanding. Additionally, studying abroad can provide access to the latest technologies, which can help students to stay

current with the advancements in their field. Pursuing higher education abroad also enhances a student's employability and can lead to better job opportunities.

The speaker from Global Tree also discussed the importance of standardized tests such as the **GRE**, **IELTS**, and **TOEFL**, which are commonly required for admission to universities abroad. He provided detailed information about the format and structure of these exams and shared valuable tips on how to prepare for them.

Global Tree, the guest speaker for the session, provided detailed information about admission processes, scholarship opportunities, and the types of programs available to students. He also answered questions from attendees and provided insights into the living experiences of international students.

The speaker from Global Tree started the session by discussing the benefits of pursuing higher education abroad, including exposure to different cultures, new experiences, and access to the latest technologies. He also highlighted the job opportunities available after completing a degree abroad, as well as the potential for a **higher salary**.

The speaker provided valuable information about the admission processes, scholarships, and types of programs available to students. He also discussed the living experiences abroad and how to adjust to a new environment.

Global Tree has extensive experience in helping students pursue higher education abroad, and their expertise was evident in the session. They provided students with detailed information about various countries such as the USA, UK, Canada, and Australia, among others, and the opportunities available for students in those countries.

The speaker also mentioned the **government schemes** available for students from low-income families to pursue higher education abroad. The government provides *funding* to eligible students to help them pursue their academic goals.

In conclusion, the "**Skill Up-gradation: A Study Abroad Session**" by Global Tree organized by the **Computer Science and Engineering Association** in collaboration with the **Computer Science and Engineering (Networks) Association** was a highly informative and valuable event for the students. The session provided students with valuable insights into the opportunities available for them to pursue their higher education abroad and how to go about it. The event was successful in helping the students gain knowledge and make informed decisions about their future academic pursuits.
